

Welcome to Second Grade!

Dear new second grader,

My name is Mrs. Park and I am your second-grade teacher. I am thrilled that you will be in my class this year! We are going to learn so many new and exciting things together. This is my seventh year teaching second grade at West Mercer Elementary. I think that second grade is the best grade ever!

In second grade it is important that we work together as a classroom community. We will be spending a lot of time together, so it is important to treat each other with respect and compassion. I know that each of you are different people, and think in different ways. I look forward to getting to know who you are, and the special things that make you unique!

I can't wait to meet you and your family at Open House on **August 31st** from 3-4 PM. You will be able to meet me in person, see the inside of our classroom, and learn more about the first day of school (**Wednesday, September 1st**). I will be waiting for you outside our classroom's external door (room 3), near the playground and parking lot. 😊

I look forward to meeting you and your family at Open House!
