

Welcome!

My name is Mrs. Melton-Grace and I am looking forward to meeting you and your child! I grew up in Michigan and am a big fan of the Detroit Red Wings. My husband Brian and I love to run and rollerblade together. I also love to ice skate and golf. When you visit my classroom you might catch me listening to classical music or Motown. My favorite children's stories are Yertle the Turtle and anything by Mo Willems. I originally went to school to be a music teacher and then worked with educational nonprofits in the City of Detroit and in early childhood research. I am entering my second year of teaching and absolutely love it!

In our classroom, everyone is an important piece of our puzzle. Your child will bring their own special skills and I cannot wait to find out what they are! We will talk about respecting each other and working together because we only grow when we help everyone grow. By the end of the school year they will be an author, a more confident reader, and have strong number sense. I want the students to learn compassion, creative problem solving, and how to take initiative. It will not always be easy, but I will make sure your child has every tool they need to succeed and have fun along the way.

I will see you soon!

Mrs. Melton-Grace

M.A., M.Ed.
