Hello Families,

We are the 3rd Grade Team at Northwood!

We are thrilled that your families will be in our classes this year! We are going to learn so many new and exciting things together. We get to continue to grow as a reader with Mondo, in math we will jump right into multiplication and division, we will create wonderful literature works in writing, and we will work together to discover in our science curriculum.

We think it is important to work together as a classroom family. We will be spending a lot of time together, so it is essential to treat each other with respect, compassion, and kindness. We will be learning social skills with Second Step. We know that each of us has a different brain, which means we think and learn differently. It is our job as your child’s teacher to help them grow as a learner and a person of good character.

Finally, we appreciate your trust and support in letting us take a hand in your child’s education. We sincerely care about your child and we are fully committed to helping them make their third grade experience positive and successful!

We look forward to a great year!

Jessie Dye, Emily Geng, Alyssa Mitchell, and Tiffany Nelson
