

Summary Notes
Diversity Advisory Committee Meeting
December 3, 2014

The group reviewed some small changes to the charter suggested by the building principals. Several people commented positively to the addition and in regards to the educational component. Dr. Plano shared that he would be building a page on the district website about the DAC including the charter and names, email addresses, and pictures of the committee members. Those who were present agreed that it would be a positive move that may bridge more communication from diverse community members and were willing to have their information posted. The group discussed what their role would be when fielding input from parents in the community, the group agreed that their role was to assist in getting them connected with the district starting at the most local level, but able to go all the way to the superintendent if necessary. Connecting the group, and DAC member Wayne Perryman in particular, to the Parent EDge was discussed. A reminder was shared that we would be visiting 3 schools for our January DAC meeting. The 3 schools will be MIHS, WM, and IP. We will leave the Administration building at 10:30 on January 9th. A poll will be emailed out to the DAC to determine a meeting date and time for February.
