Review 2016-17 Athletic Participation Numbers

Dean Mack spoke to the great strides the district has made in the last 10 years regarding Title IX. Ten years ago participation of girls was 160 less than the boys. At that time, we were out of compliance. But in the following years the numbers have become equitable.

Review 2016-17 Student Interest Survey

The survey was equally taken by the boys and girls.

Interest was shown in badminton, skiing, fencing, bowling and riflery.
