Important Registration Information for the Classes of 2021-2023
From the MIHS Counseling Team

MIHS Students in Classes of 2021-2023 and their Families-

This notice provides important information about the registration process for the 2020-21 school year, the tools students need to utilize to make their online course selections, and the support that counselors provide through this process.

General notes:

● It is critical that students talk to their parents and teachers regarding their placement in courses for next year. Students must consider their post-secondary plans, make informed decisions about which course levels are appropriate for them, and find ways to maintain balance between school, extracurricular and family commitments.
● Course selections are NOT a student’s schedule. Instead, they help us make crucial decisions about how many courses to offer.
● Students must enter 3 (different) alternates.
● Regardless of the possibility of taking courses outside of MIHS (i.e. Running Start, online, etc.) students must make sure they have six (6) courses selected per semester.
● Students who do not submit requests to Skyward by the deadline or who do not have alternates listed will be assigned to courses.
● Skyward is open February 7-February 27th.
● Students can make changes on Skyward through February 27 but NOT after the deadline.

Tools students will need (all are on Counseling Department website under the “2020-21 Course Registration Information” tab):

✓ 2020-21 Course Catalog
✓ Graduation Checklist Class of 2019 and Beyond
✓ Registration Course Request Worksheet
✓ Skyward Online Course Selection Instructions

Counselors will be advising students in each grade level as follows:

➢ Class of 2023 Registration Overview - see attached pdf.
➢ Class of 2022 Registration Presentation at https://www.youtube.com/embed/Wrlm1Hd9sAs?rel=0
➢ Class of 2021 Registration Presentation at https://www.youtube.com/embed/gh8vlhac3-FA?rel=0
➢ Counselors are available throughout the period of open registration at the Counselor of the Day Table

We look forward to supporting our current freshmen, sophomores and juniors as they make course selections for the 2020-21 school year.

Go Islanders!
