Green Team

The Green Team received the Sustaining Green Schools award for Mercer Island High School and its work to improve the waste reduction and energy conservation. Some of the actions of the Green Team undertook to help improve the school's sustainability were to plan an Earth Day Bridges lesson, add additional signage to the Commons and to post "Turn Off the Lights" reminders throughout the building. They ended the year with a "Trash on the Tarp" event to analyze a sample of trash and recycling containers for sorting accuracy to provide data for improvements we can make next year. Officers Lindsey Shi, Mary Vanderwall, Sarah Gest, Yve Sharples and Juliet Hong helped provide great leadership in helping the school receive this recognition.

Congratulations to senior Anna Zink on receiving Student Achievement in Hair and Make-up Design for *Into the Woods!* She took the show on (in addition to the two shows following, *Metamorphoses* and *Much Ado*), and came up with individual designs for each of the characters in the show. We are very proud of her work and creativity through the course of the year!
