Washington State Healthy Youth Survey

Our school is participating in the Washington State Healthy Youth Survey (HYS). The survey will be given to students in Grades 10 and 12 on October 20, 2021 during their Islander Hour class. Grades 9 and 11 will be engaging in alternate Islander Hour activities while sophomores and seniors take the Healthy Youth Survey. The survey results will be used by our school, our larger school community, and state agencies to plan programs to support MIHS students and reduce their risks. Participation in the survey is 100% voluntary and your answers will be anonymous. Any student may decline to participate or may choose to skip any question they prefer not to answer. In an upcoming Islander Hour class, you will be receiving more information about this survey. In the meantime, if you have any questions about the survey, please contact Associate Principal Deen in the front office.

CLUBS

Animation Club

Today will be the first meeting of the animation club. It provides a space for artists, anime enthusiasts, and manga readers to share a common interest for anime as well as Japanese culture. We also intend for students to try out and experience the production behind animation. Come by room 106 if you are interested!
