

IMS Fine Arts Requirement Planning Sheet

All 7th and 8th grade students have a fine arts requirement that needs to be completed over the course of their 7th and 8th grade years. Students can choose either:

- a year-long music class – band, orchestra, or choir; or
- the completion of a two trimester art sequence, which consists of Art I and Art II at the minimum; or
- the completion of a two trimester drama sequence, which consists of Drama I and Drama II at the minimum.

Please be aware that a student will not have met the fine arts requirement if he/she takes only Drama I and Art I.

This planning sheet may assist students and parents in verifying that a student has met the fine arts requirement.

Year-long music course		
Band	Orchestra	Choir

Two trimester art sequence		
Art I	Art II	

Two trimester drama sequence		
Drama I	Drama II	

Students who have not completed this requirement by the end of 7th grade, must register for a course(s) in order to complete the requirement during their 8th grade year. If a student does not register for courses to complete the requirement, the student’s counselor will enroll them courses to fulfill the requirement.
