

8th Grade Registration Worksheet for 2020-2021

Directions for Registration

1. Students should reference the Fine Arts Requirement worksheet (available on-line) to ensure they will meet the IMS Fine Arts requirement by the end of their 8th grade year. Failure to complete the Fine Arts requirement will result in the student being enrolled in Fine Arts classes automatically by the computer. Note that students must complete Art I and Art II in the same year.
2. Descriptions of the various core and elective course offerings are available in the registration packet on the IMS Website.
3. Student and parent/guardian must sign in the appropriate space below. (If a student is choosing not to take a Physical Education course, a parent/guardian must also complete and return a PE waiver request form located in the Counseling Office or online).
4. Student and parent/guardian must log on to Skyward and complete the online registration process (directions attached). **Student must complete this process and return their completed worksheet to their Gator Time teacher by April 3rd, 2020.**
5. Skyward Family Access will be open during the week of April 5th for parents to review registration entries.
6. Parents should notify IMS Counselors Dru Klein (students with the last name A-G) at 206-230-6153, Janet Goldstein (students with the last name H-O) at 206-275-5958 or Jayna Dash (students with the last name P-Z) at 206-230-6098 or IMS Registrar Marcy Berejka at 206-230-6160, if they have any questions.

The IMS course catalog that provides descriptions for each elective course is available online for IMS families.

Schedules will be subject to change based on programs necessary to meet the needs of the individual student, including Special Education, Highly Capable and English Language Learner classes. Parents will be contacted if there is a necessary change.

Failure to choose the required number of electives and alternates, or not complete the registration process by the required deadlines will cause the computer to select random elective courses. All course offerings are subject to final staffing and student enrollment.

Required Signatures for Registration

We have discussed registration as a family and we support our child in the course selections he/she has made on this form.

Student Signature: _____ Phone #: _____

Parent/Guardian Signature: _____ Date: _____

Drama II (Prereq. Drama I)			Yoga

PLEASE NOTE: Study Hall is not offered as an elective because of 30 minutes of Gator Time, scheduled for all students every day except Wednesday.

The order in which the requests are entered DOES NOT determine the period or trimester the course will be offered in the actual schedule. All elective choices are subject to enrollment numbers and the ability to fit in a student's schedule. There is a high likelihood that a class in the "other possible elective" box may be substituted for an original selection. Choose these classes wisely.

Electives denoted with stars (***) are classes that may be taken towards fulfillment of the IMS Fine Arts requirement. See the IMS Course Catalog on-line for further information on this requirement.
