This year Mercer Island schools had nearly 700 students in more than 30 portable classrooms. The problem is most acute at our elementary schools where 23 portables—essentially an entire school—are in temporary classrooms. Growth projections for the Mercer Island School District show strong enrollment growth for the foreseeable future. In simple words, Mercer Island Schools are overcrowded and not likely to get better!

Following more than a year of extensive outreach, the school board has reached a consensus on the following solutions for our overcrowding. This direction has shown to have the highest level of community support along with solving the overcrowded facilities for all grades.

- **Build a new 4th K – 5 elementary school on district-owned land near the high school at Southeast 40th Street and 86th Avenue Southeast.**
  - **COST:** $30.4 MILLION

- **Expand the existing high school by adding eight to ten additional classroom spaces including science labs.**
  - **COST:** $6.7 MILLION

- **Expand the existing Islander Middle School campus, including 14 new classrooms, larger student commons area and a new gymnasium.**
  - **COST:** $33.2 MILLION

**TOTAL COST:** $70.3 MILLION

~to be financed by a possible bond.
WE WANT TO HEAR FROM YOU!

The school board wants to hear what you think about the solutions and new school designs that are currently being developed to address overcrowding. There are a range of ways to get involved and give your feedback!

MISD BOARD OF DIRECTORS
Janet Frohnmayer, President
janet_frohnmayer@misd.wednet.edu
Brian Emanuels, Vice President
brian_emanuels@misd.wednet.edu
Adair Dingle
